Experiment 14: General Packet Radio Service (GPRS) Flowchart

Aim: To draw a flowchart in Figma explaining the operation of General Packet Radio Service (GPRS).

Procedure:

1. Open Figma and create a new file.

2. Click Resources and open Plugins, then search for a Flow Chart plugin if available.

3. Drag and drop the required shapes onto the canvas.

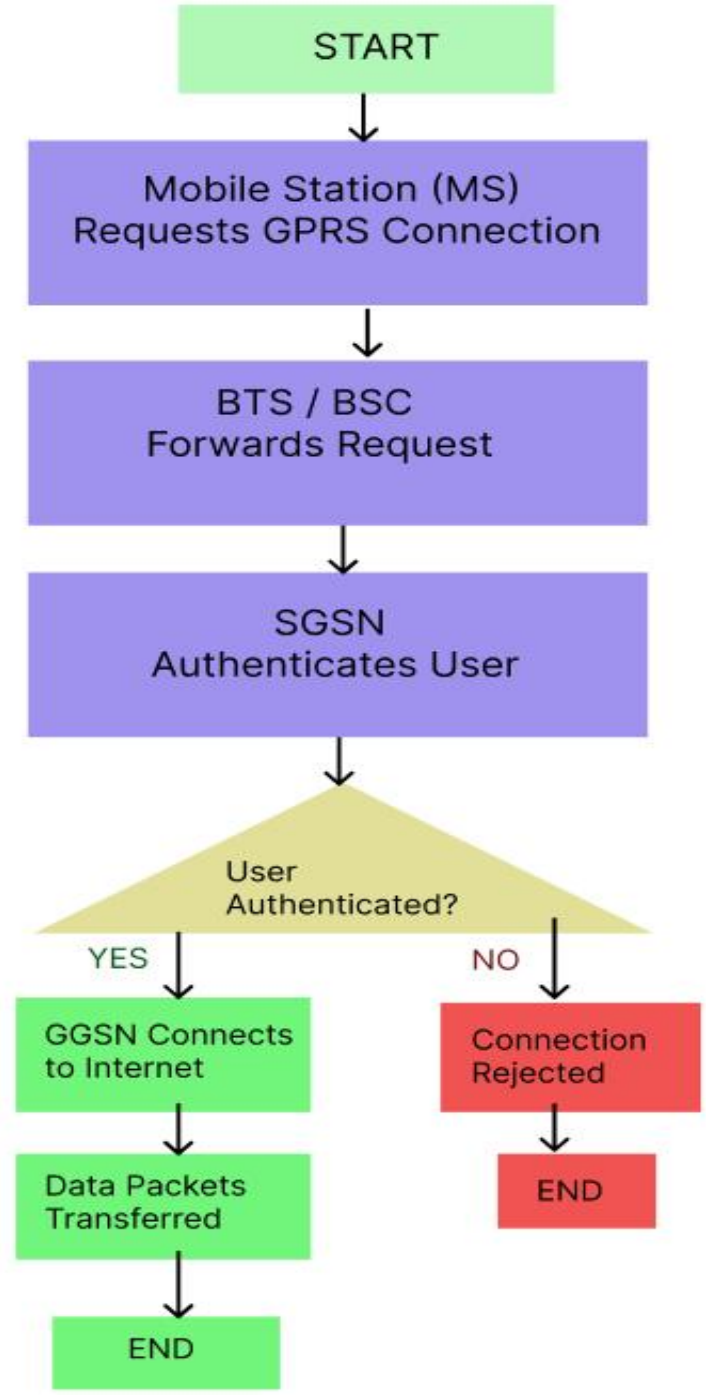

4. Add the steps: Mobile Station requests GPRS connection, BTS/BSC forwards the request, and SGSN authenticates the user.

5. Add a decision diamond labeled “User Authenticated?”.

6. For Yes, show GGSN connects to the Internet and data packets are transferred. For No, show connection rejected. Connect the steps with arrows, align them, and save the design.

.

Output:

Result: A flowchart explaining the operation of GPRS was drawn successfully.
