Reg No: 192472182
Slot: D

Course Code: ITA0330
Course Name: Mobile Computing

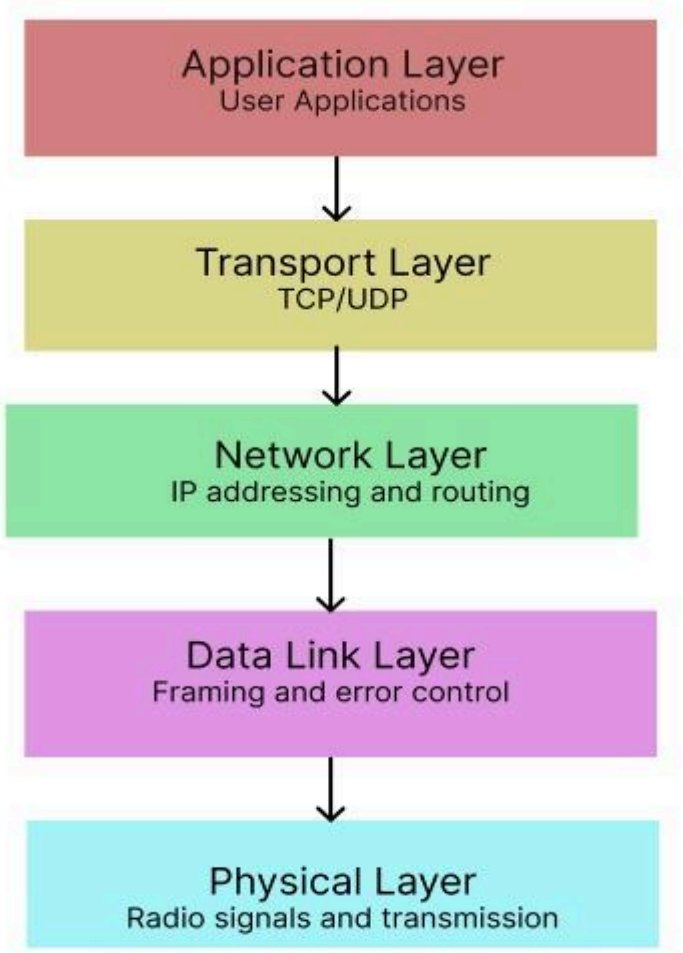

Experiment 4: Mobile Network Protocol Stack Diagram

Aim: To create a visual representation of the key elements of mobile network protocol stacks using Figma.

Procedure:

1. Open Figma and create a new design frame.
2. Add the title “Mobile Network Protocol Stacks”.
3. Draw separate sections for the Mobile Device, Radio Access Network (RAN), and Core Network.
4. Add protocol labels such as TCP/IP, RRC, PDCP, RLC, MAC, PHY, and NAS.
5. Connect the sections using arrows to represent communication between network layers.
6. Apply suitable colors and arrange the protocol layers clearly.

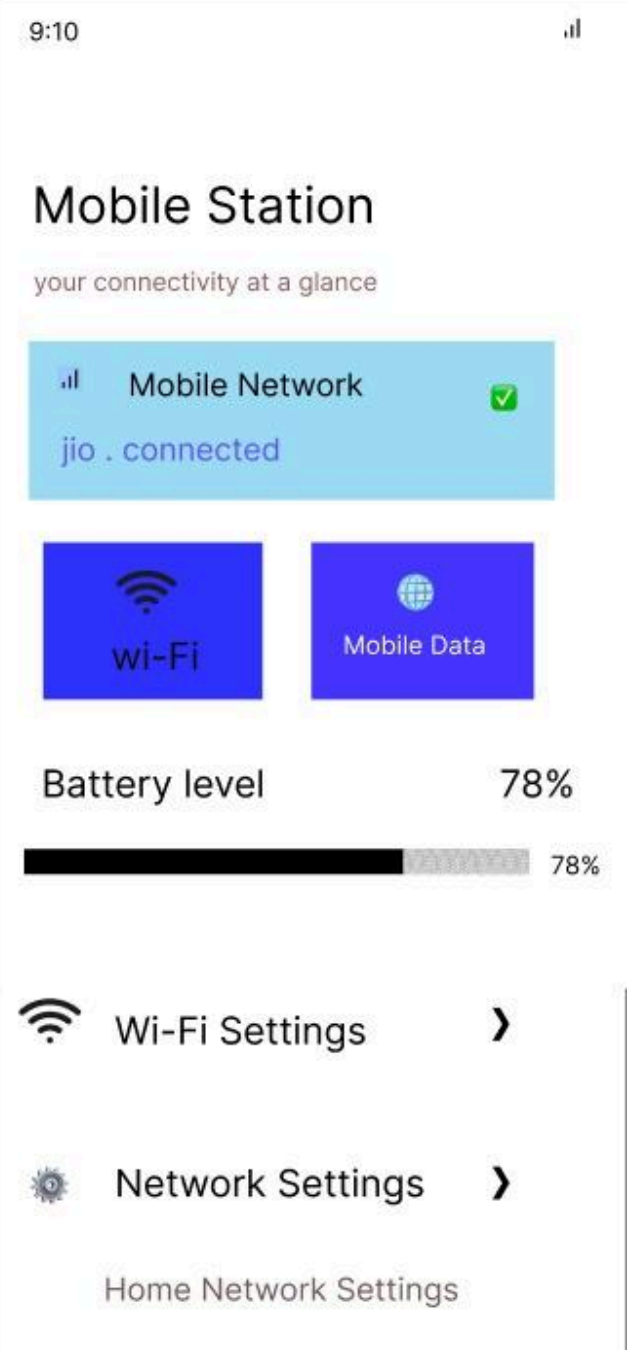

Output:

Result: A visual diagram of mobile network protocol stacks and their key components was created successfully.

Output:

Result: A mobile station user interface prototype considering connectivity and convenience was created successfully.
